

## Make an enduring gift to the future.

*“We all benefit from the Harris Center working its land conservation wonders in the region. We also take better care of what we know, and the Harris Center helps all ages understand and connect with the natural world. I did a simple attachment to my will. So easy.”*

Francie Von Mertens  
Peterborough, NH

## Naming the Harris Center as a future beneficiary is simple.

- Add a bequest to your will.
- Attach a rider to a life insurance policy.
- Add an addendum to an individual retirement account.
- Set up a trust to provide you with income during your lifetime.

**Your gift will ensure that the Harris Center continues to protect the environment in the Monadnock Region for future generations.**

FOREVER**   
LEGACY SOCIETY  
**HARRIS CENTER  
PLANNED GIVING**

*Leave a legacy that will  
care for our environment  
for generations to come.*

The **BOBCATS FOREVER LEGACY SOCIETY** is a group of supporters who have named the Harris Center as a future beneficiary of an estate, trust, or other gift.

You can be part of it in sustaining support for:

**LAND** set aside for future generations to enjoy and for animals to thrive.

**EDUCATION** that inspires the next generation about our natural world.

**RESEARCH** that contributes to a scientific body of knowledge.

*“I have a small IRA, and the Harris Center is the beneficiary of all of it. It’s just an easy thing to do.” (Hunt)*

**Sara and Hunt Dowse**  
Hancock, NH

*“We should concentrate on things close at hand that need our help, and the Harris Center is near and dear to our hearts.” (Sara)*

*“We are tremendously fortunate to live in a place that is wild and beautiful, and has the Harris Center to help keep it that way. Leaving a bequest gives me peace of mind that I’m helping the Harris Center carry on in its critical work of teaching our children to understand and care for the natural world.”*

**Marcia Kayser**  
Keene, NH

**Planned giving allows the Harris Center to build and sustain a strong foundation of support.**

The Harris Center promotes understanding and respect for our natural environment through:

- Environmental education of all ages.
- Direct protection and stewardship of the region’s natural resources.
- Conservation research.
- Community programs that encourage active participation in the great outdoors.

**Leave a legacy that makes a world of difference.**
