

Make a Difference that Outlasts a Lifetime

Partner with us to educate the next generation of nature lovers and protectors. Our teacher-naturalists awaken students' curiosity, deepen their connections to nature, and help them discover the great outdoors.

Measuring mammal tunnel entrances with teacher-naturalist Janet Altobello.

Environmental Education

Your commitment will make a lasting impact

Inspiring students to appreciate the natural world is crucial to creating the next generation of people who will protect it. Be part of an outstanding educational program that inspires children to explore and engage in the world outside our windows.

Every year, more than 3,000 students in 30 Monadnock Region schools embark on learning expeditions with Harris Center teacher-naturalists. We help children develop and deepen their connection with nearby nature.

teacher-naturalist Susie Spikol.*

The Harris Center promotes understanding and respect for our natural environment through education of all ages, direct protection and exemplary stewardship of the region's natural resources, conservation research, and programs that encourage active participation in the great outdoors.

Environmental Education BUSINESS PARTNERSHIPS

HARRIS CENTER
FOR CONSERVATION EDUCATION

Partner with Us

By supporting our environmental education work, your company demonstrates a commitment to the region where your employees and their families live.

Our teacher-naturalists bring environmental education programs to preschool through college students in more than 30 Monadnock Region schools every year. That's immediate impact!

Harris Center Director Jeremy Wilson teaches undergraduate students how to collect tree cores.

Harris Center by the Numbers

- **3,000** youth in our local school programs each year
- **2,500** community program participants annually
- **4,400** receive our monthly *Bobcat* e-newsletter
- **4,000** website visitors each month
- **3,000** in our Facebook community
- **2,000** *Hearsay* newsletters mailed twice/year
- **1,550** in our Instagram community
- **1,500** Annual Reports distributed

Increase your company's visibility in the region.

Promote an understanding and appreciation of the natural world in the communities where your employees live and where their children attend school.

Sustain and enhance the healthful quality of life in the Monadnock Region.

Engage people of all ages in the great outdoors.
