

Strategic Plan 2022-2026

A recent HCCE Board and Staff planning effort identified:

Three Organizational Priorities

- Welcoming and Respecting all People
- Tracking Trends in the Natural World
- Enhancing Communications

Four Areas for Growth

- Cultivating Conservation Research Opportunities
- Enriching Land Stewardship
- Broadening our Reach Across Communities
- Building Professional Development for Educators
- Developing an Accessible Outdoor Learning and Meeting Space

One Challenge

- Securing Sustainable Funding for School Programs

The Harris Center for Conservation Education connects people to the natural world through land protection, education of all ages, conservation research, and programs that encourage active participation in the great outdoors.
